*** SIMULATED DEMONSTRATION DOCUMENT ? FOR FORENSIC AUDIT EVALUATION ONLY ***
FICTIONAL VENDOR PROPOSAL ? CLAIMS HAVE NOT BEEN INDEPENDENTLY VERIFIED

PROPOSAL REFERENCE: SEC-TN-2026-0849
DATE: 15 February 2026

CLIENT: Kaveri Components Pvt. Ltd.
PREMISES: Plot 42, SIDCO Industrial Estate, Kurichi, Coimbatore, Tamil Nadu
VENDOR: SunPower Industrial EPC Solutions (Simulated Commercial Entity)
PROJECT: 100 kW Grid-Tied Captive Rooftop Solar PV Installation

1. EXECUTIVE PROJECT SCOPE & SYSTEM CAPACITY
SunPower Industrial EPC Solutions submits this proposal for a 100 kW grid-interactive captive rooftop solar installation at Kaveri Components Pvt. Ltd. The plant utilizes Tier-1 monocrystalline half-cut modules and string inverters.

2. COMMERCIAL PRICING & PROPOSED CAPITAL COST
? Total Turnkey Project Price: Rs. 48,00,000 (Forty-Eight Lakh Indian Rupees), inclusive of engineering, procurement, installation, and commissioning.

3. GENERATION, SAVINGS & PAYBACK PROJECTIONS
? Annual Generation Claim: 150,000 kWh (1.50 Lakh Units) annual solar generation under Tamil Nadu irradiance conditions.
? Annual Electricity Cost Savings: Rs. 9,60,000 per year against TANGEDCO grid power tariff rate.
? Project Payback Claim: 5 years simple payback period based on projected annual tariff avoidance.

4. SUBSIDY & REGULATORY INCENTIVE CLAIMS
? PM Surya Ghar Subsidy Claim: Vendor claims client is eligible for Rs. 78,000 capital subsidy under the PM Surya Ghar: Muft Bijli Yojana national scheme, to be deducted from initial milestone invoice.
? TANGEDCO Export Credit Claim: Vendor claims surplus exported power will receive an export credit rate of Rs. 2.08/kWh feed-in tariff from TANGEDCO under the Tamil Nadu Unified Solar Rooftop Portal (USRP) policy.

5. STATUTORY APPROVALS & ELECTRICAL SAFETY INSPECTION
? CEIG Inspection Claim: Vendor explicitly asserts that Chief Electrical Inspector to Government (CEIG) safety inspection is Not required for this installation, claiming fast-track self-certification under standard MSME provisions.

6. EQUIPMENT WARRANTY & ASSET PERFORMANCE
? Module Warranty Claim: 25 years linear power performance warranty guaranteeing minimum 80% output at year 25.
? Inverter Warranty: 5 years comprehensive replacement warranty.

NOTICE TO AUDITOR: This is an unverified vendor commercial submission. All technical, financial, subsidy, and regulatory compliance claims must be cross-examined against prevailing TNERC regulations and official government portal mandates.
